

SIDING

OVATION™

Premium Siding

Siding protects your home from insects, dust, moisture, mold, and the weather.

It is often installed to improve a home's appearance and increase the value.

Insulated vinyl siding has benefits which include: durability, maintenance free, aesthetics, energy efficiency, and many health benefits.

Recognized for its superior quality by architects, contractors, and builders

Made in the U.S.A.

Cedar DISCOVERY®

Staple System

Our 2.5 - 3 inch staples are hit with approximately 100 lbs. of pressure (depending on the home)

Staples wrap around the siding which allows it to flex more than when nails are used.

This makes the siding stronger, straighter, and reduces waves.

It provides consistency and results in better workmanship.

► Expert Installation By Trained Professionals

► Backed by our Registered Medallion Lifetime - Limited Warranty

► Wide Variety Of Colors & Style Options
